As part of the Capacity Building grant, Houston ISD has decided to focus professional development on comprehension instruction. Throughout the year, there will be four PD sessions dedicated to comprehension instruction. Teachers on campuses which have committed to taking part in this grant will attend all four sessions. The following information should help with planning for these PD sessions:

- Attached is a list of dates of when each campus should attend the professional developments.
- All staff members who are expected to attend the PDs should be aware of these dates and plan to attend. If a campus is split over 2 or 3 days, the principal will determine who should attend on which days.
- Arrange for substitute teachers if they are needed.
- If a teacher is unable to attend a PD on the assigned date, they should attend the session on another day with another cohort. Please advise Darcy Dycha (darcy.dycha@uth.tmc.edu) of this change as soon as possible so that the necessary materials will be available for that teacher on the date s/he will be attending.

Currently, not all of the locations for the PDs have been confirmed. An email will be sent to all coaches confirming locations for each session. You may also check the website for updates to this information (<http://www.childrenslearninginstitute.org/our-programs/program-overview/TX-reading-first/default.html>).
