

Construction Theme

Math (Shape Identification, Number Identification)

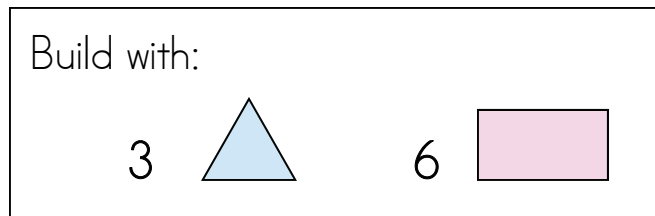

Block Building Cards

Vocabulary: names of numbers 1-10, geometric shapes

Materials

- Unit blocks
- Index cards or sentence strips
- Markers
- Basket to store cards

Preparation: Make a variety of building cards like the following:

Procedure

- Ask children to choose a card and follow directions. Assess as they follow directions Do they know the values for the numbers? Shapes?
- As children master this process, they can create their own building cards for others.

Literacy Extension: Take pictures of structures and let children add dictation.
