

Construction Theme

Written Expression (Independent Writing)

Construction Worker

Materials

- Journals or clipboards with paper for each student
- Writing materials (markers, pencils, crayons)

Procedure

- Take the children on a walk outside the school building.
- Remind children about the various parts of buildings that you have been discussing during the construction unit (doors, windows, roof, etc.).
- Give each child a journal or clipboard and paper for them to record their observations of the school building.
- Prompt children to draw and write about what they see.
- When returning to the classroom, allow children to share their work.
