

RESOURCE RECOMMENDATIONS

Don't get locked out of your mCLASS Home account

You must verify your email address within the mCLASS® system by March 27, 2010, to avoid being locked out of your account. If you have already verified your email address, please disregard this message.

The next time you sign in to mCLASS®:Home you will be prompted to enter your email address. To ensure continued access to the system, please follow these quick and easy steps:

1. Submit your email address when prompted
2. Check your email for a verification message
3. Open the message and click the link to verify the address. If you don't see the verification message in your inbox, please be sure to check your Spam e-mail folder.

As of March 27, 2010, administrators will no longer be able to access user passwords. Therefore, users will be required to manage their own passwords, which will require a verified email address. We appreciate your cooperation as we improve mCLASS security.

If you have any questions or concerns, please contact Wireless Generation Customer Care at (800) 823-1969, Option 3.
