Notes:

In your own words, describe responsive caregiving:

How can caregivers be responsive?

- Tone of voice
- Reflecting a child's tone and emotion
- Facial Expressions
- Giving affection
- Open ended questions
- Positive limit setting
- Offering limited, appropriate choices
- Using language that reflects emotion

Activity 1: Responsive Caregiving Scenarios

Activity 2: Culturally Appropriate Practice

List examples of items that can be included in an infant/toddler environment to promote cultural awareness and reflect diversity.
